## 6 Elba High Boys Attend FFA Meet

### Rated Superior

Elba Kate Allen, above, daughter of Mrs. Pauline Allen of Elba, was given a superior rating at the Troy State Music Festival last Thursday in piano competition. She was recommended to go to the State contest in Tuscaloosa. She is seen here seated at the piano.

### SPELL DOWN IN COLORED HIGH SCHOOLS HELD

Coffee County Teachers' Association held their "Spell-Down" Tuesday, March 24 at 7:30 p.m. at the Coffee County Training School, Enterprise.

The schools participating were New Brockton, Elba, Coffee County Training School and Cross Roads Junior High.

The grade levels selected to participate were the seventh and eighth. The first place winners of the seventh grade was Mary Jo Wright, and the second place winner was Tommy Wright, both of Cross Roads Junior High.

The first place of the ninth grade was Fannie Thomas of the local D. O. Club will leave the local D. O. Club on Thursday, April 2, to attend the Twenty-first Annual State D. O. Club Convention at the University of Alabama, April 23 and 24.

The delegates include Bobby Dewberry, Mary J. Hodge, Doris Weeks, Dan Morrow, and Rex Bryan. Elmer Taylor, coordinator, will accompany the delegates.

All of these students are enrolled in the Diversified Occupations and/or Distributive Education classes at Elba High School.

### OFFICE HOURS SET

A representative of the Alabama Social Security Administration, from the Dothan office, will be at the upstairs office of the Elba Court House the second and fourth Mondays of each month at 10 a.m.

### FIRE SAFETY WEEK OBSERVED IN THIS CITY

National Fire Prevention Week is being sponsored in Elba by the Junior Chamber of Commerce April 1-7 and by proclamation of Mayor Herschel Taylor with cooperation of Fire Chief Robert Polson.

The Jaycees will sell half-pint size fire extinguishers on the streets Friday and Saturday to encourage local people to keep one handy in the home, office or automobile.

Owners of private homes were urged by the Junior Chamber of Commerce to observe the week by making safety checks of garages for trash, oil, paint, gasoline or rags that may be a fire menace, matches and rubbish stored in the kitchen, and particularly to check electrical wiring and cords in all parts of the building, with only those fuses approved by electricians, and especially to have a fire extinguisher handy.

### BANK CAPITAL IN ALABAMA UP BY BIG MARGIN

Banks in Alabama report an increase of 164 million dollars in total resources over December 31, 1957. The figure reflects total in checking and savings deposits and capital accounts, all of which show increases.

The sixty-nine national banks in Alabama list resources of a billion five hundred thirty-eight dollars, while the one hundred and seventy state banks have a total of five hundred ninety-nine million.

The combined figure of two billion one hundred thirty-seven million is the first time in history that Alabama has exceeded the two billion figure.

These figures, released by the Alabama Bankers' Association, point up the vital role that the state's banks play in Alabama's economy. The association president, Fred A. Bloodworth, of Gadsden, emphasized the fact that although the amount is huge, most of the money represented by the two billion dollar total is owned by everyday citizens of Alabama in small deposits.

"The countless stories of warmly human interest bank of each deposit would fill many a romantic novel," he said; "among them would be the sweethearts with the joint savings account who are saving for their wedding day; and the story of the young man who is just starting in business for himself whose checking account is also a part of that total." And so it is with every deposit. We might better think of the two billion dollars in terms of the people whose dollars make up the total.

Used by All

"Bank services are now used by almost everybody," Bloodworth said. "It has been estimated that about 80 per cent of all business transactions are handled by check. Personal loans on installment plans have put the bank loan within the reach of every Alabama citizen who has a reputation of paying his bills. What all this means is that banking nowadays is mostly a business for the average person."

Banks have not always recognized their responsibilities to the "everyday man" but they are well aware now, as evidence by the rapid expansion of customer convenience facilities like drive-in windows, attractive quarters and pay-as-you-go checks. The change is evident in the banker's attitude, too, for the old style frozen faced banker is now replaced by the civil minded approachable banker who is out to sell his services just like any other merchant.

### MRS. SUSIE LILLIE BAXLEY

Mrs. Susie Lillie Baxley, 75, died Monday, Mar. 30, at her home in Mt. Carmel community after a long illness. She is survived by four daughters, Mrs. Rosie Pinkerton and Mrs. Annie Bedsole, both of Sanson; Mrs. Dora Danley of Belladine, Fla.; and Mrs. Bernice Robertson of Columbus, Ga.; five sons, David and Cody Baxley, both of Mt. Carmel; Hester Baxley of Fortproof, Fla.; Cullie Baxley of Bartow, Fla.; and Houston Baxley of Mobile; two sisters, Mrs. Mattie Darby of Slocumb and Mrs. Carl Carlson of Clearwater, Fla.

Funeral services were held Wednesday from Fairview Baptist church with the Rev. E. C. Plenny and the Rev. J. P. Powell officiating. Burial was in the church cemetery.

### Judson Choir To Be Heard Here

The Judson College Choir and Glee Club, which will be heard at the First Baptist Church, Elba, next Tuesday, April 7, at 8 p.m., during its annual swing through Alabama. The program will include four selections from Handel's Messiah and selections by Billings, Mendelssohn, Robertson, Bach, and Mozart.

### INSECTICIDE FOR PEANUT YIELDS IN PROCESS

A new systemic insecticide for controlling insects on peanuts is being tested by Alabama Polytechnic Institute.

American Cyanamid Company is cooperating with the institute in field demonstrations with peanuts using Thimet phorate insecticide. Thimet is a phosphorus insecticide that has systemic activity in plants. The material is taken into the plant tissues and kills insects that feed on the treated plant.

The major sucking insects that attack peanuts are thrips and leaf-hoppers. Research workers at the API Agricultural Experiment Station, a highly enthusiastic about the control of thrips and leafhoppers on peanuts with Thimet, and the resulting increases in yields.

Experiments with Thimet 1953 at API under the direction of C. A. Brogen and Dr. W. G. Eden. The research workers found that the insecticide worked best by using one to two pounds of technical Thimet per acre, applied as five percent granules (20 to 40 lbs. per acre) in the furrows at planting time. The furrow treatment consistently resulted in yield increases of 200 to 500 pounds of peanuts per acre.

In carefully controlled tests during the past three years, excellent thrips control from planting time to about July 1 resulted from the Thimet treatment, according to Dr. Eden and Mr. Brogen.

Residue studies on peanuts treated with Thimet revealed no traces of the insecticide in the nuts after late July.

A small quantity of 5% Thimet granules will be made available to peanut growers and its use supervised by the API Experiment Station. American Cyanamid Company will continue to cooperate with Alabama Polytechnic Institute in its 1959 program in the various peanut counties of Alabama.

### FRIDAY SUPPER

Supper will be served at Coffee County Lake Friday, April 3, at 8 p.m. by the Deep South Fox Hunters Association. The regular Bar-B-Q held in the past on Saturday nights has been discontinued.

### WRESTLING AT OPP

Leaping Larry Shane, sensational Houston wrestler, will team up with Angelo Martiniella of Boston against tough Art Nelson of Chicago and Angelo Savoldi, world junior heavyweight champion from Hoboken, N. J., in a tag team battle Saturday night at the Opp National Guard Armory.

### BALLOT TO KEEP PRESENT TAXES FROM EXPIRING

Voters of all Coffee County will go to the polls next Tuesday, April 7, to vote on extension of the present school taxes.

Friends of the schools have emphasized that there is no increase in school taxes but the election was made necessary because existing school taxes expire on that date.

Scantling has been overwhelmingly in favor of the extension with the only likelihood of non-approval being the possibility that those in favor may fail to vote and let it lose by default.

Two separate taxes will be voted upon. The first is a tax at the rate of 10 cents on each \$100 of taxable property (as distinguished from real value) to be levied for 20 years beginning October 1, 1964. The second is a tax at the rate of 30 cents on each \$100 worth of taxable property (as distinguished from real value), to be collected for the same period of time.

These taxes have already been in existence for 20 years. Failure to pass this tax would penalize students of Coffee county of the educational opportunities that are justly theirs," said a joint statement issued by C. E. Peacock, county superintendent of education, and S. J. Casey, superintendent of Elba City Schools.

### CHILLY MARCH PUTS MORE ON FUEL ACCOUNTS

It came in like a lamb and never did turn particularly violent, but March 1959, still racked up a heap of cold weather.

Southeast Alabama weather statistics indicated that March was very chilly indeed, at least during its first 23 days.

Through March 23, instruments in Andalusia recorded a total degree day deficiency of 264, compared with the 41-year average of 213. The 1959 figure is all of 38 per cent higher than the long-term average.

Degree day deficiency is a measure of coldness, expressed in terms of heating requirements, according to experts at the Southeast Alabama Gas District.

Other factors affecting heating requirements, the Gas District points out, are cloudy weather, above-average wind velocity, heavy rainfall and excessive high humidity. These all cause fuel bills to go up, says R. J. Smith, gas district general manager, and every one of these conditions prevailed generally in March.

"As a result of these inflationary influences on fuel consumption, many home-owners will soon be getting heavier than normal fuel bills for March consumption," Smith said. "The sad part is, they'll be getting them on a balmy day in April, when they have forgotten all about March."

### Whitman Named To Hereford Group

J. D. Whitman, of Elba, has recently been issued a lifetime membership in the American Polled Hereford Association, according to Dr. M. W. Chittenden, executive secretary, of Kansas City, Mo.

There are more than 11,000 active member-breeders of the American Polled Hereford Association, national registration and promotion organization of the Polled Hereford beef cattle breed. Located headquarters are in Kansas City, Mo.

### 22 YEARS AGO

The Three - In - One Study Club was entertained for its March meeting in the home of Mrs. Grisel Tillman Thursday afternoon of last week, with Mrs. Tillman, Mrs. C. E. Dorsey Jr., and Miss Mary Marsh as joint hostesses.

Preceding the program, Mrs. Sam Rowe, president, presided over the short business session, when the nominating committee reported the following new officers for next year and they were elected.

President, Mrs. Roberta Childs; Vice-President, Miss Kayron Campbell; Recording Secretary, Mrs. C. E. Dorsey Jr.; Treasurer, Mrs. Jake Morrow; Corresponding Secretary, Miss Gladys Clark; Parliamentarian, Mrs. Grisel Tillman; Reporter, Mrs. P. G. Mathis.

Refreshments were served following the program.

Mr. W. L. Walsh is the new teacher in vocational agriculture at Elba High School, having come to Elba from Butler County. Mr. Walsh replaces Mr. R. G. Ellis, who was transferred to Enterprise.

Woodrow Bueber of Elba and Lawrence Taylor of Opp went to Pensacola Monday, where they enlisted in the Marine Corps. They will be stationed in South Carolina for the next three months.

Mrs. Emma Bryan was honored on her 67th birthday at a dinner given by her children, Mr. and Mrs. Hollan Harrison and Mr. and Mrs. Doris Bryan, in the Harrison home Thursday. Dinner at the noon hour was served to the following:

Mrs. Emma Bryan, the honoree, Mrs. Pannie Sellers, and Mrs. Ester Redmon of Opp, Mr. and Mrs. Dozier Bryan, Mr. and Mrs. Hollan Harrison and sons, Charles and Holton.

Miss Mary Louise Morgan, daughter of Mr. and Mrs. W. B. Morgan, who is now attending Maryville College in Maryville, Tenn., recently took part in one of the school's midwinter dramas, "First Lady" and has been highly complimented on her performance, according to "The Highland Echo," school newspaper. Mary Louise is a graduate of Elba High School.

Marlene Morrow, little granddaughter of Mr. A. J. Morrow, recently celebrated her fifth birthday with a delightful party. Many outdoor games were enjoyed, after which the guests were invited in for refreshments of ice cream and cake.

Present on this occasion were Charles Lewis Rowe, Carolyn Vaughn, Helen Braswell, John Edwin Morrow, Will Harper, Sammy Hutchinson, Wilson Wesley Morrow, Mary Glen Mann, Jimmy D. Whitman, Evelyn Ralber, Betty Kate Ralber, and Jennings Hughes.

Seven acres of land are required to produce a human diet from animal sources, compared to only one acre for a cereal diet.

## SOIL CONSERVATION NEWS

By T. C. Self and Joe Wildman, S.C.S.

Many farmers in Coffee County have, as a part of their conservation plan, devoted some of their land to the production of food for wildlife. These plots may be in the form of field borders or back field corners. These plots are usually no larger than one-half acre to one-eighth acre in size.

Normally quail live and raise young where there is plentiful food supply during the fall, winter and spring months.

In recent months turkeys have been released in various sections of Coffee County. These turkeys are small in number and no doubt they could be completely wiped out within a day or so of shooting. However, if furnished a source of food and given a fair chance our wildlife will no doubt become more plentiful.

### GO TO CHURCH SUNDAY

CAN THIS LOVELY GIRL SURVIVE A JOURNEY THROUGH THE WILD FRONTIER?

Rhoda Marsh waits patiently for a guide to lead her from the wild frontier town of St. Louis to the distant outpost of Fort Cass. She has promised to meet her missionary fiancé there — but neither of them know what hardships wait for Rhoda.

Her guide—against his will—is Mordecai Price, the most rugged of the wild and free-roaming fur trappers.

Their journey through hostile Indian country, beset by the police of greedy men and the obstacles of the untamed frontier, becomes a classic of Western storytelling.

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Says Mr. Charles M. White of Enterprise, Alabama:

## "Costs me pennies for a healthier, faster-growing hog"

"The few pennies we spend per animal for the inclusion of AUREOMYCIN® in our hog feeds is certainly a worthwhile investment," states Mr. White. "AUREOMYCIN contributes to livelier, healthier pigs, more efficient weight gains and faster growth."

"I've long been in favor of antibiotics to maintain herd health. The antibiotic is needed to fight scours, and other diseases. We feel our low mortality rate is

the direct result of steady usage of AUREOMYCIN at a preventative level. In fact, we have not lost a single pig to disease since 1956."

Find out from your feed manufacturer or feed dealer how little it costs, and how much profit it brings you, to feed AUREOMYCIN. Ask for hog feeds containing this wonder-working antibiotic! American Cyanamid Company, Agricultural Division, New York 20, N. Y.

### Mrs. J. D. Smith's Niece To Wed This Month

Mr. and Mrs. Harlan Duncan Shoppe of Mobile, have announced the engagement of their daughter, Ethel Ira, to Charles Thomas Hoppe of San Francisco, son of Mr. and Mrs. Charles E. Hoppe of Palo Alto, Calif.

Miss Shoppe, granddaughter of Judge and Mrs. Ira A. Hutchinson of Panama City, Fla., and niece of Mrs. J. Drayden Smith of Elba, spent two years at Sophie Newcomb College of Tulane University, New Orleans, and was graduated from the University of Alabama.

Mr. Hoppe was graduated from Stanford University where he majored in mechanical engineering. The wedding date is planned for April.

Mrs. Harvey Waters, Ann, Bonnie, and Sammie spent Sunday in Dothan with relatives.

Mr. and Mrs. J. W. Kendrick and Mr. and Mrs. Arthur Boutwell visited Mr. and Mrs. R. H. Tolbert in Bay Minette Saturday and Sunday, Mar. 21-22.

Over 8,000 soil samples have been sent to the API Soil Testing Laboratory at Auburn this year.

A good half-acre garden will produce \$25 worth of vegetables, retail prices, or enough to feed a family of five.

Mrs. Joe Meacham and Mrs. Roy Devane were in Montgomery on Tuesday.

Mrs. and Mrs. James Devane spent Sunday in Pensacola where they attended the Silver wedding anniversary of Mr. Devane's sister.

Mr. Herbert Whatley is a patient in Montgomery hospital.

Mrs. Harvey Waters was visited last week by Mrs. Will Metcalf of Hartford and Mr. and Mrs. Ted Stale and Susan of Crestview, Fla.

Mr. and Mrs. Vardie Wright were hosts last week to his sister, from California, who was here for a week.

## GETTING THE MOST... FROM YOUR GARDEN

By Lyman N. White  
ASSOCIATED SEED GROWERS

The first thing necessary for a good garden is soil in which plants can thrive. This may seem so obvious that it does not need to be stated, but there are many people to whom the soil is just so much dirt. There it is, they think, and all you have to do is put seeds in it.

Actually, instead of being merely a mass of formless dirt, soil is a complex and variable substance. It is far from lifeless, in fact there are more plants and animals below its surface than there are above it. Most of them are microscopic, but they are alive and at work.

The upper layers of the soil form a thin sheet, usually only inches deep, known as topsoil, on which our crops and lives depend. Below it is the subsoil, in which life is scarce, but it is penetrated by roots in search of food elements and water. It seldom affects the work of the gardener, unless he has a drainage problem.

Only about half a pint of soil need be sent to the station, but be sure that it is in a clean container, and put your name in ink as well as outside the little paper. At the same time write a note to the station, saying what it is you propose to grow in this soil and requesting advice. Some stations give this service free, some make a nominal charge. Soon the analysis will be sent to you, along with your first job will be to be to the station, and work it into the soil.

The recommendations will tell you what fertilizers, if any, are required and often will indicate a need for lime. They will not include any directions as to how or when to apply them, but as a rule the fertilizer should be thoroughly incorporated into the soil at the time of digging and not allowed to gather in lumps anywhere. Lime should not be applied until at least a week later, as it may otherwise form some undesirable chemical combinations, and it should be raked in evenly over the surface, as it acts vertically and not horizontally.

In preparing the soil for a new garden, and often in reworking an old one, large stones and builder's trash should be removed, chisel and pry a smooth, mellow seedbed, and texture so loose that there will be no compaction. If the soil is so compacted that it cannot penetrate it readily.

### Kinston Soldier Now Serving In Germany

Army Sgt. Joseph N. Barnes, 25, son of Mr. and Mrs. Charlie B. Barnes, Rt. 1, Kinston, recently participated with the 36th Artillery in organization

day activities in Schwabach Hall, Germany.

The celebration was highlighted by a military parade, various athletic events and weapons competitions.

Sergeant Barnes, who arrived overseas in February 1958,

is a member of the artillery's Battery C.

He was graduated from Kinston High School before entering the Army in September, 1955. His wife, Marge, is with him in Germany.

## Through the Keyhole

BY MRS. ROBERT CANNON

THE LOVELY BRIDE wore mint green chiffon, the delicate neckline softened by floating panels of chiffon at the back. Pink carnations were fastened at her shoulders.

So did Judy Pearce Marler greet the many guests who came to call last Saturday when she was joined with a tea at the home of Mrs. Tom Vaughan. Receiving with her were Mrs. Vaughan, Mrs. Lewis Pearce, mother of the bride; Mrs. Hubbard Marler, mother of the groom; Miss Mable Marler and Mrs. Ed Stener, new-comer to Elba and formerly of Cleveland, Ohio.

Hostesses on this occasion, besides Mrs. Vaughan, were: Mrs. Waylon Addison, Mrs. Foy Bowdoin, Mrs. Harry Jacobs, Miss Margaret English, Miss Lewenia Holloway, Miss Patsy Sellers, and Miss Mary Jo Bryan.

The house was beautifully decorated with flowers of the season, arrangements being placed about the living room and the buffet. The buffet also held pink candles in attractive holders.

The bride's table was covered in lace over pink. In the middle was a punch bowl encircled in greenery and pink carnations. At the corners of the table were fastened clusters of carnations and pink satin streamers. Silver trays held cakes tinted in the party color and tiny sandwiches were passed green.

Miss Susan Murphree presided over the guests. Miss Margaret English, Miss Lewenia Holloway and Mrs. Woodrow Rushing served. Mrs. Foy Bowdoin, Miss Rosemary Pearce and Miss Patsy Sellers presided over the gift rooms.

Judy and Wayne are now calling a most attractively decorated apartment on South Avenue "home." And they are both continuing with their education.

COLONIAL NOSEGAYS of pink carnations, net, ribbons

and lilies of the valley formed the theme for a pretty tea given last Thursday for Barbara Smith McJown at the home of Mrs. Isaac Vaughan Sr.

The dining room table, covered in Italian lace over pink, held a crystal punch bowl brimming in greenery from which these nogsays peeped. Each corner of the table was marked by larger nogsays.

The whole effect was completed by an arrangement of pink carnations on the mantel flanked by three branch centerpieces holding pink candles. Mrs. George Kennedy, Mrs. Trice Ringo, Mrs. C. O. Miller and Mrs. Roger Winston were also hostesses.

In the receiving line were: Mrs. Kennedy, who greeted the guests; Mrs. Vaughan, Mrs. Wilson of Curtis, sister of the bride; Mrs. C. B. McDowell, and Mrs. Mary Newton.

Mrs. Ringo presided over the bride's register. Serving were: Mrs. Emma Jessie Maddox, Mrs. Eva Eisters, Mrs. Oscar Vaughan Jr., Mrs. Winston, Mrs. Glen Vaughan and the Misses Elaine Miller, Carol and Vickie Vaughan were "scene-stealers" in their party frocks. Mrs. Miller was in the gift rooms.

### Elba Study Club Meets At Home of Dr. Kimmey

The Elba Study Club entertained its members and their guests at a supper party at the home of Mrs. John Kimmey early in March.

Pink carnations were used throughout the house and pink gladioli graced the mantel. Long linen covered tables were lavishly with the crystal and china and the dinner hour passed pleasantly.

A cleverly planned program followed. Rev. Murray Seay and Mr. Claude Fleming debated the affirmative side of the question, "Resolved that husbands are more wonderful than wives," against Miss Mable Brunson and Mrs. John Kimmey on the negative. The judges awarded the decision to the negative side.

A skit, "The Three Bears" followed. Miss Gussie Hutchinson, Mrs. Claude Fleming, and Mrs. Murray Seay had the roles of the bear family and Mrs. A. C. Dunaway was "Goldilocks." This was followed by the drama of "The Little Pigs" in which Miss Lollie Harper, Mrs. Frances Farris and Mrs. Curtis Duke held the story. Windham was the man who sold brick and straw to the little pigs. Mrs. Pauline Allen was the big bad Wolf and Miss Eunora Farris narrated the story. Some 45 members and guests attended.

### Miss Sandra Sawyer To Wed Harold Whittaker

Mr. and Mrs. Lewis Frank Sawyer of New Brockton announced the engagement of their daughter, Sandra, to Harold Rogers Whittaker, son of Mr. and Mrs. Luntie DeCub Whittaker of New Brockton. The marriage will take place in April.

Miss Sawyer is the granddaughter of the late Robert Clinton Wells and Mrs. Lucille Wells Daughtry of Daleville, and Mr. and Mrs. Thomas Jefferson Sawyer of New Brockton.

Mr. Whittaker is a grandson of the late John Devon Stevens and Mary Ella Stevens and the late James Benjamin Whittaker and Laura Whittaker of New Brockton.

### Middle East Is Circle Meet Subject

"Middle East Pilgrimage" was the title of a study given by Mrs. Robert Cannon at the regular meeting of the Susanah Wesley Circle on Monday evening, March 16.

Mrs. James Wise was hostess and as the members arrived, each was presented with a lovely camellia.

A delicious dessert plate was served to the following: Mrs.

Glen Vaughan, Mrs. Robert Cooper, Mrs. Stokes, Haite, Mrs. Ted Vaughan, Mrs. Jake L. Morrow, Mrs. Robert Marsh, Mrs. Oliver Williams, Mrs. Marshall Ringsdorf, Mrs. Robert Cannon, Mrs. Ralph Hendricks, Mrs. Freddie Rainor, Mrs. L. F. Inman, Mrs. Arlen Brown, and two new members.

Mrs. Ben Brock and Mrs. Harvey Waters.

is the size of a Government Post Card, by actual measurement. To mail this card to 1,000 families would cost \$30.00 for the card and postage alone. To print a message on the back would cost, on the average, \$7.50 per thousand. Addressing would cost another \$5.00 per thousand.

That's a total of \$42.50 to send a postcard advertisement to a thousand families.

Yet this space in The Elba Clipper costs a regular advertiser only \$6.30. It reaches almost twice as many families. That advertiser's money helps The Elba Clipper to serve a subscriber at only a fraction of the cost of a subscription if the newspaper had no advertising.

To sum up: The advertisement reaches more people at one-seventh the cost and the advertiser serves every subscriber because he enables The Elba Clipper to supply the news at less cost.

## COFFEE NEWS & CHAT

At the April home demonstration club meetings, members will study different cuts of meat. We feel they will learn valuable information as to how to select better meats.

During the month of April, we'll be out of the county off and on at meetings. 3 p.m. in Wakefield will attend a handicraft school in Troy April 7 and the home agent will be in Ozark April 9 for Freezing information. We will have our Food Preservation Specialist, Miss Isabelle Downey in Enterprise April 8 for an agent's meeting on the Freezing of meats.

I surely did enjoy seeing the remodeling done at the home of Mr. and Mrs. Bibb Wilson in the New Hope community. Kitchen area was moved, with kitchen-din combination. Mrs. Wilson has also improved her lawn area by removing a fence. Club Schedule—

## 4-H NEWS Round-up

By TOM CASADAY, ASSISTANT COUNTY AGENT

**Beef Calves.** Plans are shaping up rapidly for the annual 4-H and FFA Fat Calf show which will be held the first Monday in May at the Enterprise Livestock Company Barn.

Forty-five steers will be shown by Coffee county boys and girls and indications are that this show will be the best one in several years.

I visited some of the calves the first part of the week and all of them are making progress. The boys and girls are trying to put as much fat and weight on the calves as possible, because the higher they grade the more they will bring per pound.

Jimmy and Pam Moore in the Goodman community have calves for the first time this year. Other girls who have calves this year are Margaret and Dianne Bryan, Faye Allen, Janet Fillingim, Linda Kay Howell, Jeannette Jones, Miranda McCall, Amelia Sessions and Karen Gibson.

**Safety Essays.** Curtis Donaldson of the Curtis Club has already sent in his 300 word essay on Farm Safety.

4-H Club boys and girls all along with the essays will be given the first prize. Essays will be judged April 15. Awards for the best essays will be given at the 4-H Club Rally on May 1. The contest is divided into a Junior and Senior division, with awards going to the winning boy and girl in each division.

**Coastal Bermuda.** Marion J. Sanders of the Repton community stopped by the office earlier this week and we asked him about his coastal Bermuda. About two years ago his son, Kenneth, planted a one-acre coastal bermuda demonstration and from this small patch the Sanders have planted about six more acres. Other boys including Andy and John Wilson and three other boys over the county also started coastal Bermuda demonstration the same year and have been successful.

Any time beginning now until July 1 when there is plenty of moisture in the ground is a good time to get this grass started on your farm.

**Talent.** Home demonstration agent Sara E. Hutchinson and I helped judge a 4-H talent contest in Geneva a few nights ago and Friday of this week I am to help judge the Houston

## TIGER BAND IS RATED AT MEET AS SUPERIOR

The Tiger Band of Elba High School was among eight bands receiving a superior rating at the tenth annual Band Festival held Friday at Troy State Teachers College.

The band played "Tangerine" and "Grand Union," and "A Santa Cecilia" for the two judges, who rated the band on their performance.

Judges were R. W. Bates of the University of Florida and A. R. Cassavant of Knoxville, Tenn.

Six members of the band participated in the Clinic Band which was composed of members from the bands that entered the contest. They were Mike Fick and French Horne; Patsy Sellers, Clarinet; Linda Spurlin, Flute; Tommy Vaughn, Trumpet; Pete Padgett, Bass Horn; and Elba Kate Allen, Bass Clarinet.

The band will make its second trip in two years to the State Contest today in Tusculo. They are scheduled to play at 3:00 this afternoon in Foster Auditorium for a panel of outstanding judges.

**2 CONTESTS AND SALE ARE SET FOR 4-H CLUBS**

By Tom Casaday

The Home Agents and I plan to take about eight boys and girls to the District 4-H Club Elimination contest to be held in Troy for three days, June 14, 15, and 16. Our boys and girls will compete with other club members in the 17 South-county counties in various projects. This is the first year the contest has been held on a district basis. Hereafter, we have always gone to Auburn during July for these contests.

**Two Typhoid Cases Are In Elba Area**

With two cases of typhoid fever in the Elba area, a public health nurse, who was visiting here this week by Mrs. Wyolene Clark, county health nurse, to get immunization shots. Five cases have been reported so far this school year.

"Typhoid fever is preventable," said Mrs. Clark. "We urge everyone to get immunization from your private doctor or at the health department." An immunization clinic is held at the Elba Health office, second floor of the County Court House, each Thursday from 8 a.m. to 4:30 p.m.

**Feeder Pig Sale**

Five wiregrass counties have joined hands to promote a big area-wide feeder pig sale and are, wide feeder pig sale the night of June 1 in Ozark. Plans are being made to have at least 500 top quality feeder pigs for sale. Four club members and farmers in Coffee county who will have pigs at least eight weeks old on June 1 are welcomed to participate in this sale. In case club members and farmers want to buy top quality pigs, we can't think of a better place to buy them. All pigs to be sold must be consigned thirty days before the sale. And they will also be inspected a few days before the sale to see if they are free from disease. Those who are interested should contact County Agent, Speed, Asst. County Agent, Bryan Tidwell or me, and we will get you set up for this sale.

Voting was held on the school tax increase on Tuesday, April 14, at the Elba High School. The tax was increased from 4 to 5 cents. The vote was 49 yes, and only 3 no.

**Azalea Leaf Gall Problem In April**

By Jean Wakefield

The high humidity that prevails during April will bring widespread problems of azalea leaf gall. This condition can be easily identified by the thick heavy growth of individual leaves of azaleas and camellias. Often the leaves will be enlarged four or five times their normal thickness and length.

Azalea leaf gall can be easily controlled by handpicking the infested leaves and burning them. Applications of a fungicide such as Captan, Permat, or Zineb will also help.

Miss Isabelle Downey, Food Preservation Specialist, visiting in the county this week, gave an excellent training school on freezing meats and poultry.

She said the amount of unfrozen food which can safely be put into a home freezer is two to three pounds per cubic foot. Putting more than this raises the temperature so that the food could spoil before it freezes. If a family has a 20 cubic foot freezer, then 40 to 60 pounds is as much unfrozen food which should be put in the home freezer at one time, until it is frozen.

The assistant home agent reports she had a real inspirational week of training in Auburn last week. Time was devoted to making slip covers, freezing of fruit, vegetables and meats, landscaping, sewing, 4-H Club work and family budgeting. The home agent will be attending an upholstery school April 14-16 in Union Springs.

## LEGION STARTS PLAN TO RAISE KITCHEN FUND

Members of Culver Post No. 42, American Legion, and Auxiliary at last week's meeting, put into effect a plan mapped at the previous meeting to canvass the western half of Coffee county for subscriptions to The Elba Clipper on a commission basis to raise money to apply to a special fund to build a new kitchen at the Legion Hut, Troy Highway.

Solicitations will be on a family unit basis with each Legion family, including the Legion member, Auxiliary member and their children, to be applied towards individual prizes for first and second place winners.

**Prizes**

The first prize will be a Philco 30" color television set, a portable TV from Smitty's TV and second prize will be a Buick transponder portable radio from The Jewell Box.

In addition to the individual prizes to be awarded on a family unit basis, a percentage of the total on a commission basis will be applied to the Legion treasury's kitchen fund.

Beat captains were appointed as follows: Beat 1, 14 and 25, Bill Bruce; Beat 20, Tom Britt; Beats 2, 18 and 19, Mrs. and Mrs. Hayward Grimes; Beat 3 and 4, Mrs. Edw. Bryson; Beat 5, William Scarborough; Beat 15, Mr. and Mrs. James Maxwell; Beat 10, Mrs. Margaret; Beat 11, Grady Thomas. No captain was appointed for Beat 6, Elba.

The legion captains urged Legion families to enter the contest and try for one of the prizes and help the Legion's kitchen fund. In addition, first and second prizes will be consolation prizes for cash prizes to make up individual quota, and all prizes are contingent upon a group quota.

**Quarter-Pound Duck Egg Laid On Farm Near Elba**

Even for a duck, an egg laid on the farm of Carlton Larkins on Route 2, was a large one. At least twelve normal size, it weighed over a quarter-pound, measured 6 and 7-8 by 6 and 3-4 inches. It was found in the nest Monday, April 6.

**Elba Track Team Opens New Season**

Elba High's Track Team started its season this week with a dual meet on the Elba track with Troy and Enterprise.

Coach Lou Eitson will field a small but strong team this year with several lettermen returning.

They are Jimmy Wise, Thomas McCulloch, Carl Nelson, Charles Matthews, Tom Dyess and Jack Flowers.

Several others are expected to win points for the team this year. They are Elmer Twiley, Johnny Vaughan, Roland Jacobs and Robert Russell.

**OFF WRESTLING**

Wrestling fans of this area will see the famous Donovan brothers, Art and Doug, of Canada in action Saturday night at the Opp National Guard Armory when they battle the Angulo Martinelli of Boston and Jack Welch of Osage County, Okla. in a tag team scrap. Martinelli asked for Welch as his partner against the rough Donovans after Welch helped Martinelli batter Art Nelson in last week's bout.

More words are cheap and plenty enough, but ideas that rouse and set multitudes thinking come as gold from the mines.
